

# 8th Annual IEEE IT Professional Conference at TCF: ITPC-2013

The Trenton Computer Festival (TCF) is the nation's longest running personal computer show and it is being held at The College of New Jersey. For the eighth year, the Trenton Computer Festival is extending its program to provide Information Technology and computer professionals with an additional day of conference. It is intended, in an economical way, to provide attendees with insight and information pertinent to their jobs, and to keep them informed of emerging technologies that could impact their work.

**The IT Professional Conference will run between 8:30 AM and 5:00 PM  
on Friday, March 15, 2013.**

**Trenton Computer Festival  
IEEE Information Technology Professional Conference  
at The College of New Jersey, Ewing Township, NJ**

<b>Admission</b> (Advanced Purchase Tickets below)	
Advance Purchase Tickets: Students and Senior Citizens	\$ 35.00
Advance Purchase Tickets: Professionals	\$125.00

Friday, 15 March 2013 Talk Tracks for ITPC-2013		
Infrastructure	Software Development	Technology / Professional Development / Management
Data Centers Snapshots <i>Kfir Godrich</i>	C# .NET Programming <i>Donald Hsu</i>	Cloud Security - A Practitioner Approach <i>Madhan Kumar Srinivasan</i>
BYOD (Bring Your Own Device) and the Future of Enterprise <i>Nauman Chughtai</i>	UX Design for Mobile Devices: An Introduction <i>Josephine Giaimo</i>	Improved Identity Control and Access Management (ICAM) through Continuous Personally Identifiable Information (PII) <i>Chadd D. Carr</i>
Letting Your Data Out of the Vault <i>Glenn Jones</i>	Leveraging SharePoint User Profiles to Enhance Effectiveness and Efficiency <i>Gary Clayton</i>	Technology Law <i>Frederic Wilf</i>
Network and Server Management Using EMC Smarts <i>Douglas Ferguson</i>	Getting Started with Meteor <i>Michael Redlich</i>	Career Planning and the New Normal - Life Long Continuous Learning <i>Ben John</i>
Converged Infrastructure (CI) <i>Balan Gothandaraman</i>	Building on Top of Existing Software <i>Dennis Mancl</i>	Career Management Skills - A Few Tips to Survive and Thrive in 21st Century Work Place <i>Bala Prasanna</i>
The IVI IT-CMF Framework - Visualizing IT <i>Thomas Costello</i>	Building Compound Wireless Service Smartphone Apps <i>T. Kobylarz</i>	Making Architecture and Standards Compliance Practical <i>Elliot Chikofsky</i>

## This year - Extended Saturday Sessions!

This year we've added numerous talks that could not be fit into the normal Friday sessions. All attendees to the Friday sessions are invited to attend these additional sessions on the following day.

Extended Saturday Talks on 16 March 2013	
Provisional Patents <i>H. Cheung</i>	Role of Human-Human Interfaces <i>R. Herring</i>
Risk-based Security Management <i>S. Shah</i>	Social Media Integration and Analytics <i>S. Krishnaje</i>
Identity Management for Humanitarian and Disaster Recovery <i>A. Firestone</i>	Introduction to Agile for Engineers <i>C. Glennon</i>

Admission includes all Friday talks, a Continental Breakfast and Lunch, admission to the extended Saturday (March 16) talks and admission to the general TCF festival on Saturday (March 16). Tickets purchased at the door are \$150 (Students, Seniors and Professionals).
